## PROFESSIONAL SUMMARY

Web Developer with 2+ years of experience building responsive web applications with React and Next.js. Background in e-commerce platforms and applying AI tools to real business problems, from SEO analytics to multilingual content localization. Currently pursuing a postgraduate in AI/ML at Lambton College, Ottawa, and seeking a co-op placement for 2027 (May–Aug).

## EDUCATION

**Postgraduate – Artificial Intelligence and Machine Learning**
Lambton College, Ottawa, ON – 2027

**Bachelor of Science (Honours) in Computing**
Islington College (London Metropolitan University), Kathmandu, Nepal – 2019–2022

## SKILLS

**Frontend:** React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap
**Backend & Databases:** Node.js, PHP, Python, MySQL, Oracle, Supabase
**Data & ML:** Jupyter Notebook, pandas, NumPy, scikit-learn, Matplotlib, PyTorch, Hugging Face Transformers, Databricks
**Tools & Platforms:** Git, GitHub, Agile/Scrum, Shopify (Liquid), WordPress

## WORK EXPERIENCE

**Amazon SEO & FBA Specialist** – Arete Viva SEO Pvt Ltd, Nepal | Nov 2024 – Dec 2025

- Leveraged AI-powered keyword research tools to identify high-converting search terms across 4 European Amazon markets (DE/FR/ES/IT), improving organic product ranking and driving measurable increases in impressions and click-through rates.
- Used AI-assisted analytics to process multi-week sales and impression data, forecasting demand trends and building optimization strategies that improved ROAS and reduced wasted ad spend.
- Utilized AI translation and localization tools to adapt product listings across German, French, Spanish, and Italian markets, accelerating cross-border expansion and improving market-specific conversion rates.
- Designed AI-driven performance strategies using historical sales, impressions, and ROAS data to predict high-growth opportunities, contributing to a 20–30% improvement in ROAS and net profit over the engagement period.

**Web Developer** – BigO Information Technology Pvt Ltd, Nepal | Feb 2023 – Aug 2024

- Built multiple responsive web interfaces using React.js and Tailwind CSS, reducing average page load time by 30% through code splitting and lazy loading.
- Integrated REST APIs and implemented scalable, maintainable front-end architecture.
- Collaborated with cross-functional teams to deliver high-quality, tested, and optimized web solutions.
- Reviewed 50+ pull requests per sprint, identifying critical bugs pre-deployment and maintaining zero production regression rate.

**Shopify Web Developer (Intern)** – Cartmade E-Commerce Pvt Ltd, Nepal | Nov 2021 – May 2022

- Customized Shopify storefronts using Liquid templating to meet client-specific business requirements, delivering end-to-end e-commerce platform solutions.
- Developed mobile-responsive, cross-platform compatible designs prioritizing user experience and conversion optimization.
- Enhanced storefront performance and accessibility through UI/UX improvements.
- Analyzed client requirements, proposed technical solutions, and managed delivery timelines to ensure successful project outcomes.
